SK IMPEX

Global Exporter & Manufacturer from India

Our Story

SK IMPEX began its journey in 2005 as an import-export business focused on connecting global markets. We specialized in importing high-quality embroidery machines from China under the trusted name of SK IMPEX. In 2013, we expanded into knitwear manufacturing in Ahmedabad, India. Today, we produce flat knit garments using combed cotton, compact cotton, and imported yarns, offering both white-label solutions and our own brand PRIOS Knitwear. We continue to operate across global trade, machinery solutions, and manufacturing excellence, serving clients worldwide.

Our Vision

To become a globally recognized name in import-export and manufacturing by delivering quality-driven products and building long-term partnerships across international markets.

Our Mission

To deliver reliable business solutions through quality products, efficient import-export operations, and advanced embroidery machine sourcing, backed by competitive pricing and timely delivery.
